

INDEX TO THE THIRTEENTH VOLUME

Mining Journal.

RAILWAY AND COMMERCIAL GAZETTE.

1843.

A.

Argand Furnace, C. W. Williams on, 2, 380
 Accidents from broken Axles, 3
 Aspin's New System of Philosophy, 5
 Absorbent Artesian Wells, 6
 Alumina, on the Origin of, 6
 Annual Consumption of Coal, 7
 Anglo-Mexican Mining Reports, 7, 51, 87, 123, 163, 193, 227, 261, 293, 329, 366, 403
 Anthracite, 30, 54, 43, 69, 77, 79, 91, 105, 113, 129, 391; Anthracite Iron, 96, 120
 Atmospheric Railway, Smith and Barlow's Observations on, R. 36, 43, 191, 272
 Artesian Well, 38, 62, 71, 73, 92, 95, 102 (in Cornwall, 159) 189, 241
 Australian Trust Company, 39, 249
 Australian Agricultural Company, 39, 190
 Air Pump, New, 42
 Astral Travelling, 46, 134, 360
 Australia, Mineral Wealth of, 51; Geological Correlation of, 154
 Astelle Iron Mine, 51
 American Lead Mine, (Sup. 390), 53, 66, 359
 Alcohol, light from, 58
 Alcon Mining Company, 67, 75, 110, 147, 169, 301, 345, 403
 Almaden, Mines of, 79, 123, 128
 Aerial Steam Carriage, 99, 102, 115, 130, 135, 146, 153, 231, 264, 332
 Amalgamation, Mexican Process of, 113
 Accidents in Mines and Collieries, 129, 224, 411
 Alkynes, Antient, 131
 Accidents in Mines, On, 146
 American Law of Patents, 151
 Anthracite as a Manure, 150
 Average Speed on Railways, 153
 Assam Company, 163
 Anemometer, 167, 174, 230
 Argand Burners, 169
 Anglo-American Gold Mining Company, 176, 229, 324, 336, 364, 365, 375, 393, 409, 416
 Austro-Asian, Bank of, 180
 American Improvements in Locomotives, 180
 Andrew's Cork Safety Bolt, 203
 American Excavator, 207, 208
 American Engines, 217; Steam Navigation, 233; Scurge, 310
 Alterman Wheel Brothers, 219
 Altona Harbours Mine, 227
 Africa, Geology of, 229
 Aerolophos, the, 231, 234
 Albert Dock, Liverpool, 238
 Arigna Iron and Coal Company, 231
 Abnormal Tide, On, 257
 American, prospects of Iron and Coal Trade, 269; Copper Mining, 244
 Accidents in Mines, 291, 323, 342, 352, 356, 360, 369
 American Steam-bent Accidents, 296
 Andley Mine, Cumb., 298, 107, 335
 Action of Sea on Foundations, 304
 Amalgamation of Railways, 304, 324, 342, 356, 374
 American Valves, 316
 Air, Abandonment of, in Furnaces, 349
 American Railroads, 349; Speculation, 419
 American Coal Trade, 360
 Angus, New Spain, 421

B.

Black Lead Ironstone, 3, 13, 243
 Blast Engines, 5, 23, 25, 43
 Balance Mining Reports, 7, 43, 51 (92 m.), 97, 123, 163, 167, 171, 193, 227, 232, 261, 293, 327, 366, 397, 403, 406, 409
 Beattie's Lecture on Non-metallic Elements, Sup. 363, page 4
 Bank of Western India, Letter to Shareholders, Review, Sup. 363, page 4
 Beattie's Mining Reports, 19
 Birmingham and Gloucester Railway, 19, 39, 111, 200, 273
 Butte Mine, 27, 107, 118, 403
 Banking in New South Wales (Sup. 390), 53
 British and Irish Steam Packet Company, 53
 Bitter, the Great, at Round-down Cist., 26, 79, 139, 160
 Bitter v. Sweet, 268
 Bitter v. Sweet, 268
 Boston's Receipts, Review, 49
 Breckinridge Mining Company, 51, 131, 168, 187, 194, 203, 227, 243, 277, 309, 360, 369, 393
 Boston's Gas Meter, 53
 Bristol and Exeter Railway, 54, 73, 110, 142, 153, 184, 203, 279, 400, 419
 British Iron Company, 54, 61, 78, 160, 203, 373, 393, 396, 398, 400, 403
 Breckinridge Company, 59
 British American Land Company, 66, 137, 364
 Bedford United Mines, 74
 Birmingham and Derby Railway, 73, 272
 Birmingham Junction Railway, 83, 199
 British Columbian Bank, 83
 Bank of England, 94
 Bank Light Company, 111
 British Water and Coal Mining Company, 112, 239
 See Iron, Main Bottom of, 113
 Britton, Remarkable, 113, 128
 Bristol and Gloucester Railway, 113, 141
 Bank of Ireland, 129

Banking Case, Important, 137
 British Association, 139, 191, 265, 284, 296, 318, 324
 Brunel, Mr., Accident to, 142, 153, 169
 Biscaron Iron and Coal Company, 146, 244, 300, 369
 British Hollands Distillery Company, 150
 British Aikall Company, 167
 Brighton Railway, Cuddy's Plan, 174
 Burnett's, Sir William, Patent, 178, 230, 389
 Bubble Companies, 176, 183
 Brazil, Steam Communication with, 183
 Bank of Australasia, 190
 Breakwater, Floating, 193; Captain Norton's, 199, 211; Safe, 211
 Bristling by Galvanism, 198; new Apparatus for, 291, 340
 British North American Bank, 199
 Beale's Patent Rotary Engine, 201, 332, 367, 397, 403, 411, 419
 Bank of Asia, 206
 Blind, the, enabled to Print, 206
 Boreas Light, 207, 256, 351, 372, 393
 Bothway's Iron Works, 211
 Broadfield Colliery Explosion, 215, 219
 Blast Furnaces and Filling Barrow, 217
 Bahia Steam Navigation Company, 219, 428
 British Iron Company, 218, 222, 240, 248, 256
 British Smelting Company at Alcan, 239
 Bristling, Accidents by, 243, 392
 Bethell's Process for Preserving Timber, 241
 British and Foreign Institute, 243, 245, 252, 296, 424
 Blow Pipe, on the, 252, 373
 Bentinck, the, new steam ship, 256
 Britannic Insurance Company, 257, 294
 Bitters and Furnaces, 260, 266
 Bitter v. Sweet, 268
 Belgium, Machine Makers of, 272
 Beane Bridge Mine, 275
 Beane Mine, 279
 Banking in London, 324
 Beattie, John, Death of, 343, 369, 372, 421
 Blackwall Railway, 352
 Bishop Auckland and Weardale Railway, 364, 372
 Black Damp, 369
 Bank of Cyprus, 383
 Bituminous Lake, 389
 British American Association Bubble, 400, 402, 410
 Builders, Incorporation in, 344, 376, 403, 420, 427
 Brighton and Dover Railways, 404
 Birmingham and West Birmingham Canal, 408
 Breckinridge Colliery, 421
 Buller Mining Association, 428
 Bulbous, Safety, 417

C.

Colonial Bank, m. 3, 226
 Carron Iron Works, 5, 13, 25, 29, 31, 41, 134, 146, 161, 183, 203
 Coal and Mineral Beds, Dislocation of, 6
 Carron Iron Works, Reports in each number, Meeting, 183
 Carron Tule Embarked Leather, Sup. 363, page 4
 Compression of British Mining, Review, 16
 Carburetted Hydrogen, Apparatus for Notifying the Presence of, 19
 Cheltenham and Great Western Railway, 19, 50
 Coal in China, 27
 Coal, probable duration of supply of, in England, 33
 Coker Copper Mining Association, 39, 1, 49, 239
 Carbonates of Lime for Building, 43
 Crystallized Sulphur, 46, 61
 Cardigan, Geological Structure of, 49, 193
 Coal Mining Operations, 50, 66, 79, 90; 300 years ago, 240; descending of, 277
 Clay Stone and Thimblestone Limestone of South Wales, 50
 Carron Iron Works, 51
 Candles in Locomotives, 51
 Chromotopes, latest improvements in, 56
 Colonial Land Companies, 56, 130
 Caledonian Railway, 67, 73, 174
 Combination Iron and Spelter Company, 67, 203
 Copper Mines in Jamaica, 79; Cuba, 209
 Church of England Life Assurance, 83
 Collieries, Working of, 86; advance of Wages, 343
 Clapp's Differential Day Gas Meter, 88
 Coal Beds and their Architects, 93, 114, 121, 135
 Carbonic Acid Engine, 93
 Castings, large, 99
 Castles in Mines, 102
 Carmarthen Tin Works, 100
 Calcium, Origin of, 100
 Coal Duty, the, 119, 143, 189, 200, 1, 208
 Cornish Engineering, 119, 119, 233
 Cornish Mining Company, 111, 139, 241, 301, 343
 Canada Company, 111, 420
 Coal Fields of Great Britain, 119, 143, 161
 Coal Mine, Combination in, 129
 Chlorine in Marine Iron, 127
 Colonization, Synthesis, 127
 Choke Damp, the, 126, 219
 Cardigan Colliery Mining Intelligence, 131; Metallurgical District of, 142, 227
 Copper Mines in Sicily, 131; Copper, exportation of, 177
 Coal in China, 131
 Coal in Russia, 131, 270
 Colliery Explosion, 131; Newcastle Mine, 136, 139
 Coal, Marketable, 134
 Colliery, Working and Working of, 139; Shipping, 410
 China, History of, Review, 142

Cornwall County and General Tin and Copper Mining Association, 142
 Copper Mines in Cornwall, produce of, 143
 Coal, natural and artificial, 143; Company, New, 243
 Coal Mines, rating of, 198
 Cornish Mining, L. 144
 Coal at Toulon, 147
 Cave, Discovery of, 147, 193, 359
 Callington Mines Company, 150
 Colonial Land Companies, 155, 156
 Carrara in a Granite Quarry, 159
 Caspian and Azoff Seas, relative levels of, 159
 City of Dublin Steam Packet Company, 162
 Cooke's Electric Telegraph, 170
 Canal Navigation, Application of Steam Power, 171, 198
 Caledonian Canal, 204
 Cannon Coal in South Wales, 178
 Copper, Foreign, Duty paid on, 185, 230
 Coal, Combustion of, Considered, 186, 202, 226
 Clarence Railway, 198, 230, 265
 Circumferentor, the, 202, 215
 Coal, Cull, and Clusters, returns, 209, 251, 300
 Chalk Formation, the Great, 217
 Canada Company, 218
 Columbian Mining Company, 226; Bondholders, Meeting of, 241
 Carbon and its Combinations with Oxygen, 227, 238
 Coal in Barnard Castle, 227, 309
 Conflagrations, causes of, 234
 Commercial Bank of London, 239
 Cork Safety Swimming Belts, 243
 Cheap Galvanic Battery, 243
 Cape of Good Hope, Review, 249
 Contract, Extension, 244
 Church of England Assurance Company, 249
 Collieries, Accidents in, 251, 291
 Coal Mines, Importation to, 253; caution to, 265; Meeting of, 265
 Copper Works at Swansea, 257
 Chemical Phenomena, 257
 Carbonic Acid Engine, 261
 Cornwall Railway, 26, 83, 137, 139, 269, 276, 299, 335, 392
 Cornubian and North Devon Railway, 272
 Caledonian Insurance Company, 280
 Continental Competition, 291
 Caswell's Improved Pump, 293
 Continental Railways, 295
 Coal in New South Wales, 301
 Cast and Wrought Iron Rolls, 304
 Cast Iron, Method of Silencing, 304
 Copper Trade, the, 327, 338, 319, 327, 344, 404
 Cornubian Lead and Silver Mine, 329, 366
 Coal Trade, 329; turn out, 329; present State of, 390
 Colliery, New, 329; Fitzgibbon's, 429
 Churnett Valley Railway, 349
 Copper, Wm's Improvements in Manufacturing, 351
 Colliers Wages, Advance of, 332; and their Employers, 389, 415, 419
 Coal, French Contracts, 353
 Coal in Northumberland and Durham, Extent of, 339, 417, 419
 Chemical Action in Salt, 359
 Combination and Evaporation, on, by Dirks, 361
 Chain, Long Iron, 364
 City of Dublin Steam Packet Company, 366
 Churn, American Railroad, 373
 Compositions to London Substances, 375
 Choke Damp in Wells, 383
 Coal in America, 384; Imagined Probable Trade in, 396
 Chamber's Patent Movable Fire Bar, 399
 Carrying Ships by Navigation, 399
 Chemistry, its Application to Mining and Manufactures, 401
 Copper Rock, the, 401
 Colliery Engineering, its Rise and Progress, 401, 429, 429
 Collecting Fly Wheel, New, 409
 Copper, on Precipitating Properties of, 403
 Charnock and Birkhead Railway, 404
 Carmarthen Tin Works, 405
 Chaudet's Daguerrotype, 408
 Commercial Gas Company, 412
 Coal Knoch, Climate of, 417
 Calcareous Deposits, 420
 Companies, Private, 420

D.

District of Nations, Remedy for, Review, (Sup. 263 p. 4), 369
 Durham County Coal Company, 12, 21, 23, 31, 41, 1, 43, 63, 66, 79, 292
 Duke of Cornwall's Harbour, 26, 209
 Duffryn Iron Works, 27
 Durham and Sunderland Railway, 28, 136, 321, 378, 374, 382, 384
 Duke for the Use of West Furnace Managers, 41, 97, 113, 161, 201, 241, 300, 327, 360, 369
 Diamond, The, 48, 79
 Duffryn Iron Works, 50
 Duffryn's Improvements in Chromotopes, 56
 Dublin and Drogheda Railway, 53, 409
 Dury Lamp, The, 92, 120; and Nelson Column, 134
 Improved Right to Mineral Property, 54
 Dry Rail, 56, 499
 Drying Apparatus, Duffryn's, 59

Directors of Public Companies, Liability of, 110, 190, 191, 428
 Dublin and Kingstown Railway, 111
 Dredge's Suspension Bridge, 118, 130
 Dry Rot, Prevention of, 119
 Dublin Commercial Buildings Company, 129
 Duff, or Small Coal, 146
 Draining Machine, New, 131
 Deep Adits and Cross Cuts, 167
 Duchy of Cornwall, 169, 230
 Deptford Pier Company, 176
 Downside Iron Works, 183
 Deaford, Rotherhithe, &c., Gas Company, 190
 Duffryn Colliery, Aberdare, 198
 Duffryn Llynvi and Porth Cawl Railway Company, 199, 209, 404, 416
 Dundee and Arbroath Railway Company, 209
 Dudley and Midland Geological Society, 223
 Deptford Iron Works, 235
 Draining Machine, Steam, 240
 Doe Bank Colliery, law case, 264
 Derbyshire Lead Mines, 301
 Deal Pier Company, 305, 388
 Drying Machine, 314
 Diurnal Formation, 343
 Direct Action Marine Engines, 343
 Draining Embankments, Tunnels, &c., 389
 Darley Stone Quarries, 393
 Displacement of Metals, 402, 411
 Dynamometer, New, 402
 Durham Colliers, Strike of, 408
 Daguerrotype, Claudet's, 408
 Dublin and Liverpool Steam Ship Building Comp., 423

E.

Export of Metals to India, 4
 Electro Metallurgy, 6
 Employment of Females and Children in Mines, 7, 95
 Elements, Non-Metallic Chemistry of, Sup. 385, p. 4
 Examples of Railway Making, Review, 10
 Excavator, the American Steam, 15, 207, 233, 316
 Extraordinary Dispatch, 19
 English Machinery, 36
 Elevation of the Earth, Theory of, 43
 Edge's Gas Meter, 55
 Extension of Use of Iron, 58
 Edinburgh and Glasgow Railway, 59; Extension to Leith, 280
 East Cornwall Mining Company, 59
 Earth's Orbit, the, 61
 East India Iron and Steel, 61, 70, 78
 Electro-Magnetic Saw Mills, 61; Engine, 291
 Electricity in Meteorology, 71, 92
 Eastern Counties Railway, 73, 102, 111, 273, 332, 353
 Economy in Mining, Cast Steel Jumps, 78
 Explosions in Boilers, 73; Belgium, 82; Fatal one, 149
 Electro Telegraph, 83
 Electricity, Progress of, 83; Experimental Researches in, 142
 Earthquake at Liverpool, 94; Staffordshire, 107
 Emigration Companies, New, 94
 Kachner's Fire Forgery, a Statement, Review, 110
 Earth's Strata, Elevation and Subsidence of, 112
 Ether Engine, 121
 Electro Plating and Gilding, 130
 Engineering Fire Works, 131
 Earthquake, Effects of, 134
 Elastic Pavement Company, 130, 211
 Education, Systematic, in Mining Districts, Advantages of, 154
 Ewer, Minerals, 156
 East Coast Railway to Scotland, 169
 Equalization of Railway Tolls, 174
 Electricity of Water, 194; Steam, 314
 Elbow Vale and Sirkow Iron Works, 211
 Electricity, Experiments on Subterranean, 223, 228, 343, 411
 Entomological Lectures at Scientific Institutions, 233
 Engineering Field Work, Review, 249
 Eastern Union Railway, 253, 257, 372, 349
 Eymon Lead Mines, 261
 Euxine Iron Works, 261
 Eastern Counties Railway, 263
 Expansive Power of Fuels, Experiments on, 264
 East Cornwall Mining Reports, 263, 269, 325, 336, 343, 369, 383
 England and France, Steam between, 296
 Engines, Six Wheels, Superiority of, 329
 Estates, Important, for Sale, 332
 Escape, Furnaces, 349
 England and Ireland, Steam Communication between, 348
 Electro-Magnetic Heating, 359
 East Wheel Road, 360
 Explosions in Steam Boilers, Prevention of, 369
 Economy in Fuel in Locomotives, 369
 Emble's Patented Apparatus for Raising Water, 421, 424

F.

Fly Wheel, Submarine, 6
 Furnace, the Mines of, 18
 Fuller's Earth, 61
 Fossil and Saline Lakes in Mines, 73, 126, 179
 Foreign Mines, 78
 Foreign Railroads, 106, 1, 126
 Fichte, Natural Laws of, 113, 172, 179

French Railways, 139
 Fruit Spar, *Amelanchier*, *Spiraea* Vam, 194
 Fossil, Testudinate, 134
 Fluvialite Deposit of the Valley of the Red, 147
 Fire Damp, 146
 Fire, Accidents from, 134
 Fire, to Kettlingish, valuable chemical discovery, 158,
 412
 Fossils in America, 150
 Forest, Subterranean, 170, 239

German Railways, 192, 417
Geology, a New System of Philosophy, 107, 114, 121,
130
Gas, Instantaneous Ignition of, 107
Gas and Water Composites, Important to, 111, 428
Geology on the Progress and Present Condition of
United States, 112
Gigantic Fossil, 112
Great Wheel Proper, 119
Gold Mines of Siberia, 123, 177, 198, 375
Glass, Manufacture of 137
General Annuity Endowment Society, 138
Gunpowder, quiet Observations, 143
Gas Meter, Laidlaw, 151, 167
Geology of Egypt 151; of Sicily and Calabris, 233;
Scandinavia, 241
Geology of Bayonne, 151
Guthrie Towns, Interesting Discovery, 151
Gwynnapp Adit, Great, 153
Glasgow and Gornkirk Railway, 158
Gases of the Mines, 154
Geological Curiosity in Australia, 194
General Annuity Endowment Association, 195
Grease for Railway Axles, Booth's, 171
Green Stone, Valuable, 171
Great Britain steamer, the, 174, 183, 233, 244
Grand Junction Canal Company, 199
Grand Union Canal Company, 199, 368
German Railroads, 194; Locomotives on, 335
Geological Researches in France, 198
Galvanism, Blasting by, 194, 291, 340
General Bank of Commerce, 307, 326
Galvanized Iron, 309, 293
Greenwich Railway, Extension to Croydon, 223
Goginan Mining Company, 226
Glass Pipes for Water and Gas, 233, 234
Graving Dock at Woolwich, New, 236
Guggerdon Mining Company, 239
Guardian Chimney-Sweeping Association, 239
Gas, Manufacture of, Iron r. Clay, 244; Cost and
Supply of, 400; Municipality, 416
Gases, Compression of, Improved Machine for, 253,
265; Effect of, under pressure, 424
Gloamaster and South Wales Railway, 276
Great Railway Station, Manchester, 281
Gymnasia Electrica, 293
Gold in North Carolina, 294; great mass in Siberia,
377; Cuba, 403; Russia, 418, 428
Geology of South America, 306
Governor Bails of an Engine, 328
Gold Mine in Egypt, 329
Green Valley Mine, 337
Galvanic Electricity, 340, 360; application to Mines,
383
Greasb Pier Extension Railway, 346
Geological Character of South Wales Coal Field, 352
Geometrical, Metallurgical Deposits in, 357
Gordon's Smoke-consuming Apparatus, 373
Gallie Acid, Action on Iron, 380
Galena, Minned District of, 393
Iraa, the largest in the world, 404
General Annuity Endowment Association, 415
